Styling Text

Changing The Font:

Step 1: Click on the text to make the grey pop up menu appear, then click on the Font named Abril Fatface.

Step 2: Scroll through the available fonts and click on the font style of your choice.

Step 3: Click back to go back to the menu or anywhere outside the grey box to exit the menu entirely.

Note: To add several different fonts, add one group of text, and then add another group of text. Now both groups can be styled differently.

Changing The Font Color:

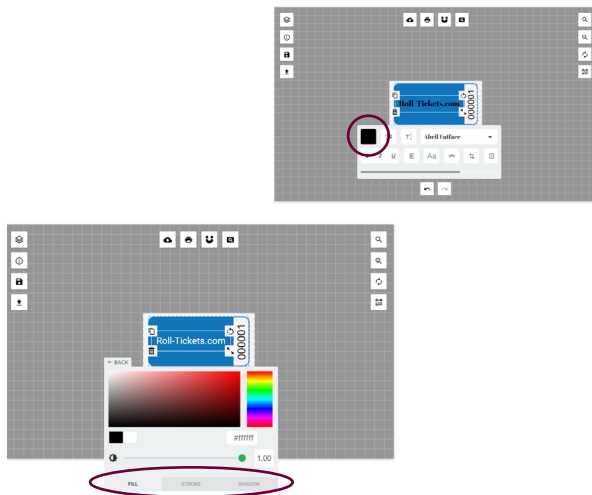

Step 1: Click on the text to make the grey pop up menu appear, then click on the square black box on the far left of the menu (the word color and a paint bucket icon should appear when you hover over it).

Step 2: Use sliders or HEX codes to choose a Fill Color, Stroke Color, or Shadow Color.

NOTE: You can Even change the Transparency of the text with the slider at the bottom on the Fill Color menu.

Step 3: Click back to go back to the menu or anywhere outside the grey box to exit the menu entirely.

NOTE: Depending on which type of ticket you have chosen the text may be restricted to certain colors.

Changing The Font Size:

Step 1: Click on the text to make the grey pop up menu appear, then click on the white box just before the Color Box (it will have a number inside of it).

Step 2: You can either type in the number or use the slider to change the size up or down.

Step 3: Click back to go back to the menu or anywhere outside the grey box to exit the menu entirely.

NOTE: You can change the line height and letter spacing in the same menu.

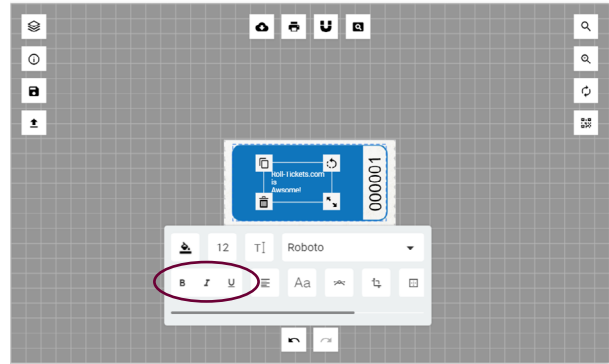

Changing the Weight, Italic, or Underline of the font:

Step 1: Click on the text you would like to change to make the grey pop up menu appear.

Step 2: You can make any of your text bold, italic or underlined by clicking the B, I or U icons.

Step 3: Click back to go back to the menu or anywhere outside the grey box to exit the menu entirely.

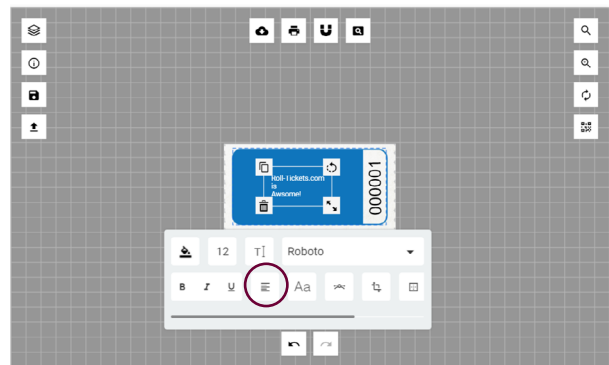

Aligning Text:

Step 1: Click on the text to make the grey pop up menu appear, then click on the icon with 5 lines.

Step 2: Each click on that button will change the alignment of your text.

Step 3: Click anywhere outside the grey box to exit the menu entirely.

Curving Text Option:

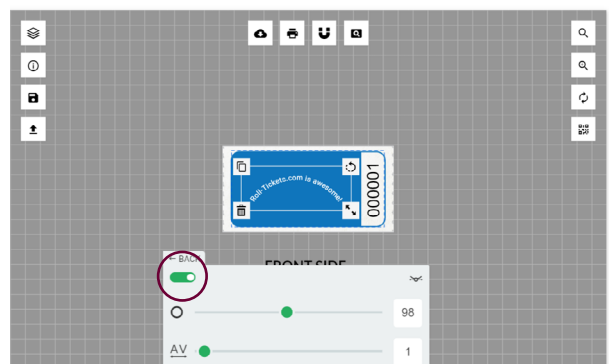

Step 1: Click on the text you would like to change to make the grey pop up menu appear.

Step 2: If you would like to have curved text, click on the small grey square under the font option box (when you hover over the square button the word Curved Text should appear).

Step 3: Click on the grey area labeled as switch and then use the sliders to change the radius and spacing.

NOTE: The button in the top right of the Curved Text menu will reverse the curvature of the text.

Step 4: Click back to go back to the menu or anywhere outside the grey box to exit the menu entirely.

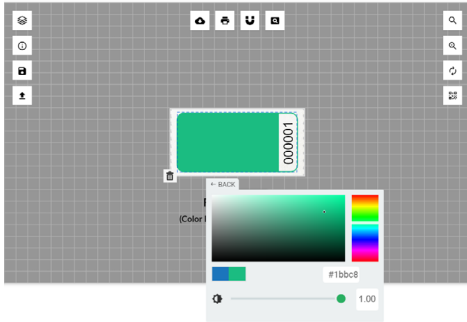

Make sure the switch is to the right, otherwise it will not curve your text.
